INTRODUCTION

This handbook is an attempt to put under one cover, rules, regulations, and guidelines which pertain to Nassau County Girls High School Swimming, in hopes that this will be of major benefit to all those involved with the interscholastic program.

The hope is that a handbook such as this will be beneficial to all coaches to help standardize procedures and to familiarize new coaches with regulations, and act as a point of information/reference to athletic directors and administrators as we work towards the betterment of high school athletics.
